

Property Boundary Trace

From Google Maps with Property features/photos!

From Crosswind Drone Aerial Photography Service Equipment!

A "Trace" video can be made independently or in addition to the overall property marketing video. Visual impact as boundary lines are traced.

About us –

We are a Photography and Video Studio specializing in Aerial Drone Services, located in Northern Tioga County and serving the Twin Tiers area in Elmira/Corning NY, “Have Drone, Will Travel”!

www.crosswinddrone.com

For **REALTORS** or **HOMEOWNERS**:

Conventional photography can not always capture the essence of a property as shown below! Due to the inclined driveway, no practical angle could capture the beauty of this property!

SEE the difference that a Drone Aerial Shot can make!

Call us today: 607-442-2067

Service Benefits

Aerial Drone Photography and Videography reaches heights and angles that conventional photography cannot obtain.

Conventional Photography is available at discounted rates when utilizing Drone Services or as a stand-alone service, freeing you for other activities. **3D Virtual Tours provide time-saving flexibility!**

You get **ALL** of the video and photo's for your selection – not just a pre-determined number of shots. Photo's and Video's are delivered electronically. We shoot photos in both RAW and JPEG formats and both files will be available.

Like an angle in the video better? We can do a high-resolution screen shot at no extra charge!

Receive TWO Videos – One suitable for FB/YouTube/Social Media with contact info, and one that is compliant for MLS posting!

Key Services for Real Estate:

- **Promotional/Advertising Photo's and Videos**
- **3D Virtual Tours for properties.**
- **Included-**
The right music enhances the visual effect of the marketing video and tends to solicit repeated viewings!
- **Optional Titling and/or “Voice Overs”** – “Feature” descriptions ensures that potential buyers understand the uniqueness of the property!
- **Included - Personal Contact Video** – Create a separate video for posting to social media platforms.
